

ParkSight — Daily Deployment Briefing

Bengaluru Traffic Police · Tuesday, 16 Jun 2026 · Target window: 17:00–21:00 IST (Evening Peak)

Dataset: 298,445 violations (2023-11-10→2024-04-08). Repeat offenders drive 34.2% of violations; 10.3% are carriageway-blocking. **Action:** prioritise the stations below; enforcement records currently collapse during 14:00-20:30 IST — close that blind spot first.

Priority Stations — recommended deployment

#	Police Station	PCIS	Tier	Units	Why
1	Upparpet	100	High	3	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume; driven by repeat offenders
2	Shivajinagar	99	High	3	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume; driven by repeat offenders
3	City Market	89	High	3	under-enforced during the evening peak; high violation volume
4	Vijayanagara	84	High	3	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume; driven by repeat offenders
5	Malleswaram	83	High	2	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume
6	Halasuru Gate	80	High	2	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume
7	Jayanagara	79	High	2	concentrated in peak-congestion hours; under-enforced during the evening peak; high violation volume
8	Rajajinagar	76	High	2	under-enforced during the evening peak; high violation volume; driven by repeat offenders
9	HAL Old Airport	74	High	2	carriageway-blocking violations; under-enforced during the evening peak; high violation volume; driven by repeat offenders
10	Whitefield	74	High	2	carriageway-blocking violations; concentrated in peak-congestion hours

Chronic-Offender Watchlist

Vehicle	Type	Violations	Top location
